

Toxic
DOLLS

SONG LIST

I want you to want me
You oughta know
Call me
Voodoo Child
Nothing but a good time
Boys in town
Harder to breathe
Save tonight
Run to Paradise
I want your love
Boys of summer
Kids in America
All fired up
Funhouse
I love rock n roll
Smells like teen spirit
What I like about you
Blister in the sun
So What
Better
Our lips are sealed
Jessie's Girl
Summertime
Ex-girlfriend
Celebrity skin
Trouble
That's the way
Song 2
One way or another
April sun in Cuba
Video killed the radio star
Rush You
Calypso
Sex on fire
Tainted love
Sex Bomb
Man, I feel like a woman
Walking on sunshine
Hot stuff
I like the way you move
Material girl
You shook me all night long
Wannabe

Baby, give it up
Girls just wanna have fun
All the small things
Centrefold
Beat it
On my mind
I wanna rock n roll all night
Are you gonna go my way
Are you gonna be my girl
